## Cladding solutions for Farming

### Experience

Hi-Clad Roofing has an enormous fund of experience with Agricultural roof and wall cladding.

### Our service to you

This means that we can provide not only an extensive range of products and systems but also advice on solving all kinds of problems relating to farm buildings – including meeting your budgets!

### Colours, Coatings, Composite panels and ventilated panels

We have a range of metal roofing and wall cladding sheets specifically designed for agricultural use to provide a quality product at an affordable cost. Colours, coatings and profile shapes all selected to harmonise with rural landscapes.

- \* Traditional Corrugated
- \* Box profile
- \* Composite panels
